

SECTION ONE : LABS

1. Using HTML, create a web page that contains two paragraphs :

a) Paragraph One :

- heading
 - ✓ bold
 - ✓ centered
 - ✓ called My Computer Experience
 - ✓ h1 header
- text
 - ✓ explain your computer experience/background
 - if you have none or very little, tell about what you would like to learn
 - ✓ right aligned
 - ✓ h3 header

**In between your two paragraphs, put two horizontal rules

- ✓ one extending all the way across the screen and one extending part way--you choose the width
 - both horizontal rules should be center aligned
 - put two blank lines above the horizontal rules and two blank lines below each horizontal rule

b) Paragraph Two :

- heading
 - ✓ italics
 - ✓ centered
 - ✓ underlined
 - ✓ called My Future Computer Plans
 - ✓ h1 header
- text
 - ✓ your future plans with computers (what you would like to accomplish in this field)
 - ✓ center aligned
 - ✓ h4 header

**Also include a heading for your Web page.

SAVE AS : labone1.html

2. Create a web page, using HTML, which focuses on useful computer Web links. Include 5 useful links (on computer-related jobs, programming languages, web design, etc.). Also include :

- ✓ page heading
- ✓ a link to your own email
- ✓ a relative link to your labone1.html
 - REMEMBER, LINK INFORMATION SHOULD MAKE SENSE, YET BE TO THE POINT
- ✓ for each link, you must explain what the web site is about (at least two sentences)
- ✓ break tag
- ✓ bold
- ✓ italics
- ✓ underlined text (aside from the links)
- ✓ center align
- ✓ a horizontal rule with the width, color and align set
